

## Reflective Supervision

### ACROSS

- 1 Understanding another person's feelings
- 7 Slowing down allows for this
- 12 Supervisors and supervisees need to be aware of their own
- 14 The ability to manage how alert/activated we are in a moment
- 15 The ability to understand, interpret and make meaning of behavior
- 16 Credentialing system to recognize competence demonstrated in the areas of IECMH
- 17 "seeing" from another persons point of view

### DOWN

- 2 Responsiveness to and awareness of something
- 3 Meeting times should be kept \_\_\_\_\_
- 4 Our upbringing which impacts current thoughts and feelings
- 5 Keeping the child in mind
- 6 Supervisor not employed by your agency
- 8 Both partners contribute to the relationship over time
- 9 This impacts development and neurological responses
- 10 Built over time by both RS participants
- 11 Should always be kept in mind
- 13 The pace of reflective supervision
